#### Miss Christina Update!

We wanted to update you on Miss Christina. First and foremost, thank you all so much for your continued support. It means the world to all of us.

Miss Christina has started her chemo. We are so blessed that she is feeling up to coming in Thursday's. While we all want to hug her and show her how much she is missed, we are asking parents to remind their children to support from a distance. AND if your child is sick, please keep them home from class. We would really appreciate that!
