

PRIVATE LESSONS

Miss Christina/Miss Norma

PRIVATE LESSON BENEFITS

Private lessons allow quality time devoted to your child. Lessons are available to any student at any level.

If you are at the top of your class, a one-on-one session can challenge you.

If you feel slightly behind you can review the basics. You don't have to have a specific problem or focus to take privates.

You can design a plan with your teacher, discuss future goals and build open lines of communication.

Private lessons allow a student to go at their own pace.
