

# PRIVATE LESSONS

Miss Christina/Miss Norma

## **PRIVATE LESSON BENEFITS**

Private lessons allow quality time devoted to your child. Lessons are available to any student at any level.

If you are at the top of your class, a one-on-one session can challenge you.

If you feel slightly behind you can review the basics. You don't have to have a specific problem or focus to take privates.

You can design a plan with your teacher, discuss future goals and build open lines of communication.

Private lessons allow a student to go at their own pace.
